12g x 25mm type 17 or 4.8ø aluminium rivets at 1000mm c/c max. between purlins

Climaseal coated self drilling 12g x 35mm tek screw rib fixed

Dimond hi-span steel purlin

Notes:
- Foam closure strip only required if bird or vermin proofing is required, or if in a high wind area, there is a risk of windblown moisture entering the building.
- These details are suitably fixed to allow for a theoretical thermal movement of up to 10mm. For thermal movement greater than this a clipping system should be considered.
