0.55mm flashing

Pan head fixings @ 600 centres

0.75mm continuous zincalume
folded clip

Pan head fixings @ 600 centres

Wall cladding

Notes:
- Foam closure strip only required if bird or vermin proofing is required, or if in a high wind area, there is a risk of windblown moisture entering the building.
- These details are suitably fixed to allow for a theoretical thermal movement of up to 10mm. For thermal movement greater than this a clipping system should be considered.
