

Notes:

- These details are suitably fixed to allow for a theoretical thermal movement of up to 10mm. For thermal movement greater than this a clipping system should be considered.
- Foam closure strip only required if bird or vermin proofing is required, or if in high wind area, there is a risk of windblown moisture entering the building.

Original Size A4

Issue: 03	Reference dim_tri_1100
Scale: 1 : 5	
Date: 31 November 2019
