

General Notes:

1. Indicative structure shown for purposes of illustration only.
2. Confirmation of thickness & coating to cladding/flashings required.
3. Refer to installation information for fixing requirements.
4. Where gutter finishes within the length of the wall, step lower part of gutter out to 10mm past the cladding line, while maintaining required clearances, to allow the gutter to feed into the lower eaves gutter.
5. Detail to suit a maximum wall and roof catchment area of 25m²

Original Size A4
